EDITORIAL.

by Anne Davis

"Age is a state of mind". How many times have we heard this statement made? Do we really believe it?

Over the past year, the gap between the younger and older members of the Club seems to have increased and is indeed becoming more and more noticcable. An analysis of this problem - and it is a problem -provides no apparent reason.

It is becoming customary, when going on an outing, to find out firstly just who is going and not, as it should be, what the trip itself will be like. Hence we find trips on one hand with a majority of younger members and, on the other, with a majority of older members. Such a situation cannot possibly strengthen and unify the Club but can only create friction.

With bushwalking alone as a common interest, surely this should provide the basis for an understanding, unified and ageless body of bushwalkers.

الوالم المراجع

na 1996 - Maria I. 1976 - Maria Jawa

You may think this situation does not exist and that the foregoing is a case of making mountains out of molehills. Not sol Look ground - it does! The solution to the problem remains with the individual. Let us therefore resolve in this new Club year, to make an extra effort to become, once again, a Club undivided. the second s

Supper.

(See list of Nominations received for General Committee and a final state of the second state of the s positions on Page 5.)

ANZAC LONG WEEKEND - 24TH-27TH. APRIL:

In not concentrating on just one area, Committee is hoping that members will show some initiative in arranging outings to areas not otherwise possible on an ordinary long weekend. Let's be able to report at the May meeting on three, four or five different areas visited on the weekend??? Continued Page 6.

ANZAG WEEKEND (CONT 'D)

Subject to the limitations of available transport, Paul Skehan and Paul Wijngaarden would like to hear from members interested in visiting New England National Park, Ebor Falls and Wollomombi Gorge. Departure about 7.30 p.m. Thursday 24th. April. Cost approx. \$10.00

Leon Buchanan is arranging a visit to Frazer Island for the weekend. Anyone interested in visiting this area should contact Leon. Cost will be about \$12. Available transport may impose a limit on numbers going.

Pat Ebert intends going to the Bunya Mountains and here interested people should contact Pat, preferably at the meeting, for arrangements.

These are the only trips we have heard about so far. If you are going anywhere and would like to increase the number going , just give details of the proposed outing at the meeting.

LONG WEEKEND / 2ND. - 5TH. MAY / BASE CAMP / SKENNARS HEAD - BROKEN BAY:

Leader: Pat Lawton Departure: 7.00 p.m. Roma & Turbot Sts. Fare: \$5.00

As a change, this mery interesting section of coastline will provide an excellent outing. Spectacular rocky headlands, secluded beaches, freshwater lakes and the ocean will be the setting.

Included in the outing will be a visit to Byron Bay lighthouse and Mt. Chincogan.

For a weekend with variety this is for you. Bring filled water bottles for Friday night and breakfast Saturday morning - all modern conveniences available Broken Bay, the Saturday night campsite.

WEEKEND / 17 - 18TH. MAY: / FEDERATION TRACK CLEARING/

It is hoped that the club will be represented on the Saturday of the weekend.

SUNDAY / 18TH. MAY / CLUB MASS & LUNCHEON:

The Mass will be celebrated at 10.30 a.m. by Fr. Aspinall at the Carmelite Monastery, Gregory Terrace (just up from the Museum), Needless to say every member should endeavour to be present and we expect to see you there.

After the Mass, the luncheon, a four course affair, will be held at the Jacaranda Room, Canberra Hotel, Cost \$2.50.

Nominations should be lodged with the Social Secretary at an early date.

After the function and weather permitting, there may be a short trip to finish the day off - wetching the sunset from one of the Glasshouses.

and the second second

CLUB NEWS AND VIEWS: Congratulations are due to Madonna Stratford, Mary Fitzgerald, the concert cast - particularly those who regularly attended the many roh-msals, and all those who assisted in any way in making the concert a success. Special credit goes to Madonna for the initiative behind the Revue which was the highlight of the evening. Financially, the function just broke even. 137 Adults paid 50 cents to enter, school children were admitted free of charge. Whether this is a fair result to the Club for nearly three months rehearsals, plus the time spent in writing and planning the function is pehaps debatable. At least it can be fairly said that the big night itself was a very enjoyable one. A tentative booking has been made at "Ave Maria" for the Club retreat. Projected date is 17/19th. October, 1969. The Federation Rescue Equipment Fund now stands at \$125. Apart from some other Club contributions still to be sent in, a proposal for a combined Federation social has been made to raise funds for the project. It involves formation of a sub-committee including representatives of all clubs to organise the function and gather support. THE SUBSCRIPTION FOR THE 1969-70 CLUB YEAR IS NCW DUE. THE MEETING. PLE SE RENEW ON THE NIGHT OR SOON THERE AFTER. BUSHWALKERS CASEBOOK: Club's sympathy is extended to Kathy Brady on the recent death of her father. Confucius say:-, Bushwalker who have map and compass but omits to use them when needed, likely to have trip to remember.	 Congratulations are due to Madonna Stratford, Mary Fitzgerald, the concert cast - particularly those who regularly attended the many rch_msals, and all those who assisted in any way in making the concert a success. THE TRUE STORY OF WOLLOMOMBI

• .. '

The trouble started on Saturday night when a mysterious green car drove into the camp and left several walkers dazzled by headlights.

The arrival of the same car next morning seemed to coincide with the writing of a nasty comment in the dust on the bus.

Angry club members siezed the two occupants and carried them into a picnic shed. The prisoners were then accused, falsely or otherwise, of writing the words "Tourists in Disguise" on the bus.

The court was a shambles ... for a start there were three judges. The judge's hammer was stolen and broken, and the number of guards required to hold two battered prisoners bound hand and foot was truly astounding.

Eventually the prisoners were found innocent (by the jury anyway) and were thrown out of the court. As they drove away they found they had a spare belt which had somehow found its way into the car.

Late that night the green car returned. About that time rocks from the sky fell near the camp and tents fell down but the nerve-less bushwalkers refused to move. Could there have really been a connection between the green car and the trouble?

(There are many tales of those happenings at Wollomombi but this one is based on fact.)
