## EDITORIAL

There is a never failing topic of conversation and even of argument within the club that there is developing within the club and within the committee of the club too much of a spirit of rigid traditionalism. At varying times, and on different subjects, we hear most members of the club expressing their views either for or against the establishment of trends or precedents.

However, no matter what side a person may take in a particular argument, (and quite often they change) there should not be anyone within the club who does not agree with the establishment of traditions linking us with the religious aspects of our Club's activities.

Two of the most important events on our club calendar are the celebration of Mass on Mt. Barney and the club Retreats for both boys and girls. Both of these events are approaching in the near future and it is in the interest of every member to avail himself or herself of the opportunity to take part in both these activities. These events should be anticipated with enthusiasm by all members and if it is at all possible to attend, no excuse should be accepted by one's own conscience.

### BARBECUE - CEDAR CREEK, TAMBORINE.

July 25th. Nominations 12/6 by 20th July. (Meeting night)  
Bus departs 2.30 p.m. Anzac Square.

Nominations close at the meeting for this social which should be one of the highlights of the social year. The weather is perfect for barbecues and the setting, at the magnificent Cedar Creek falls at Tamborine is ideal.

The Barbecue area is quite sheltered and there should be no worry about wind. As this is a very popular picnic ground, the bus will probably stop along the road to enable members to collect their wood supply. Don't forget your bulky knits, matches and more important don't forget your steak, own billy and frying pan and even more

important, don't forget to nominate (to Social Committee or Roslyn Andrews 97 6929).

### HOLY MASS - MT. BARNEY

Leader - Kath Clancy                      Nominations - 8th August.  
Date of Departure - Tuesday 11th August.  
Time - 6.30 p.m.

This will represent another milestone in the history of the Barney Mass as it will be the first time that English will be used.

This trip should, as far as possible, be a 'must' for all club members as it represents the ultimate in bushwalking in our particular area combined with the celebration in the open in a most magnificent and moving setting the celebration of the Holy Sacrifice of the Mass.

As August will be a very full month of Bushwalking activities, the committee has decided that a weekend trip will not be held so we hope to see an even bigger roll-up than usual on this trip.

-----

### MONTHLY MEETING - AUGUST.

The August monthly meeting will be held on Monday the 17th at the Temperance Hall at the Hotel Canberra. The feature of the evening will be a showing of Club Candida so show that you're not chicken and come along. (If you're game).

accept nominations and answer queries.

The charge for the weekend in each case is £2.10.-. and nominations should reach the Club Box no later than 27th July, 1964.

These retreats represent for members an excellent opportunity to escape from it all and spend some time in quiet uninterrupted meditation which will help to redirect our lives in this world which has so many distractions.

## REPORT ON NATIONAL PARKS CONFERENCE

During the weekend 26th to 29th June, five members of the Club nominated to attend the first Conference on National Parks to be held in Queensland. It was organised by the National Parks Association of Queensland and took place at Camp Stacey, Cunningham's Gap. Approximately 60 persons attended, including some from New South Wales, Stanthorpe, and Wyberba.

The five speakers presented different viewpoints on National Parks. The first speaker, Dr. Pat. Marks, gave a Field Naturalists views. She summarised the provisions of various Queensland Acts which give protection to fauna and flora and made a plea, in particular, for the better protection of invertebrates.

Mr. Edgar Kemp, President of N.P.A.Q. then talked about his Association and National Parks. He outlined the development of National Parks Associations in Australia and overseas and stressed the urgency of providing for the future use of National Parks, including the provision of expert information for park visitors.

Mr. Graham Tweeddale gave a geological picture of National Parks in South East Queensland, illustrating different types of rocks and formations with colour slides. He also showed slides of several areas proposed by N.P.A.Q. as National Parks.

Mrs. Thistle Y. Stead (Thistle Y. Harris) gave a summary of the achievements and plans of the Wild Life Research Foundation in the commencement of "Wirrimbirra Wild Life Sanctuary" near Bargo N.S.W. and showed some slides of the area.

Mr. Tom Young, President of Brisbane Bushwalkers, addressed the Conference on Bushwalkers' views on National Parks. He explained that bushwalkers were by nature interested in conservation because they appreciated that without National Parks there would soon be very few places for them to bushwalk. He discussed the methods by which here, as in other States, bushwalkers had assisted in having areas proclaimed as National Parks, establishing a Safety and Training organisation, and in mapping and track marking.

Mr. Keith Jarrott, Secretary of N.P.A.Q. furnished details of areas presently under consideration as National Parks (including

some shown previously by Mr. Tweeddale in slides), and suggested types of country which still had to be included in National Parks.

After each talk there were interesting discussions on various points made by the speakers.

During Saturday afternoon those attending walked in the Cunningham's Gap National Park, and Mts. Cordeaux and Mitchell were climbed by various parties. The weather was pleasant, with cold nights, and the views good.

The weekend was very enjoyable, as well as instructive and I hope that this Conference will be the first of many. It is an ideal opportunity for members of different organisations to get to know each other and exchange views on common interests and problems.

Kath. Clancy.
