JILALAN

Please have all articles to Majella (1 Tamara St, The Gap 4061) by the 1st of the month. Articles, if on disk need to be submitted in RTF (Rich Text Format) with a hard copy included, otherwise a handwritten or typed copy will do.

GENERAL MEETINGS

Meetings are held on the 3rd Monday of every month, at 7.30 p.m (although they usually start about 15 minutes later). The location is *St Brigid's Parish Hall, Musgrave Rd, RED HILL*. VISITORS are always welcome.

OUTINGS

- Always read the Jilalan article to check the departure point, date and time.
- Departure of walks is usually either from the Old Windmill on Wickham Tce or at Sullivan & Nicolaides (134 Whitmore Street, Taringa - enter via the upper driveway and drive down to the upper level of the carpark). Check "Jilalan" or phone the leader to be certain.
- The Club will usually organise transport for each outing, but you must nominate in advance to the leader. Contacting someone else may lead to your nomination becoming "lost". Nominations should preferably be made by the Monday prior to the activity (Wednesday at the latest) so that transport etc. can be arranged. Note that nominations for some walks may close well in advance of this. Late nominations may not be accepted.
- Walkers are responsible for their transport to and from the departure point.
- Walks are rarely cancelled - if they are, all nominees will be notified. Should you change your mind and decide not to come to a club event, please notify the leader as soon as possible.

EMERGENCY OFFICER

If, within the hour prior to an outings' departure, you can't make it or you are running late, phone the number shown in the "Jilalan" for the Emergency Officer for that outing. If you have not returned from an outing by 9.00 p.m. your family may ring the Emergency Officer - but please don't panic.

EQUIPMENT HIRE

The Club has some tents and through-walk packs to hire to visitors and newer members. Borrowers are responsible for collecting and returning equipment, as well as making good any loss or damage over and above normal wear and tear. Hire rates - Packs \$10/weekend, Tents \$5.00 - Deposit of \$20 required.

PERSONAL EQUIPMENT

The Association requires that certain minimal basic equipment should be carried by all walkers on all trips. This should comprise the following - a first aid kit, a torch, a parka/raincoat, hat, shirt, 15+ (or suitable value), sun screen and at least 2 litres of water. Leaders may require that walkers carry other equipment. Advice of this will be given in "Jilalan" and/or by the leader.

MANAGEMENT COMMITTEE

All members are most welcome to observe the next meeting of the Management Committee. You are very welcome to attend the meeting but please contact the President beforehand. This means you can be advised of any change of date/venue. If you feel strongly about an issue, bring it along to the Committee Meeting and we'll put it on the agenda.

WARNING

All persons, adult or child, member or visitor, undertake all activities of the Club at their own risk. The Club is not in a position to even state that all care will be taken.

REPORTS

President's Report

Thanks to all members who contributed to the new outings calendar in recent weeks. Such tasks are made easier when there is good member involvement.

The Queensland Federation of Bushwalking Clubs has written to Jardine Insurance Company, which provides public liability and personal accident insurance for advice on the policies renewal. The current policy expires on 30 June. The company has been asked if abseiling can be included in the new policy.

At coming meetings the club projector will be available for members and in particular leaders of coming walks to show slides of bushwalking areas. So why not bring along a few slides to help you paint a picture of past and coming trip.

Outing's News

The proposed calendar until next March is in this months magazine for your perusal and discussion at the next meeting or by tele conference on 3366 3193. Leaders and E.O.s required and welcomed.

A.N.Z.A.C. Day long weekend brought the start of the superb bushwalking weather. If you've spent the summer in the creeks and low lands take the opportunity of the cooler weather to head for the high tops and those great views. Soon it will be summer and down we will come again and we will be waiting once more.

Leaders are reminded to contact Justin re the costing of walks and the emergency officer for their particular walk.

Time: 7:00pm
Meet at: TBA
Grade: L56
Cost: \$20.00
Emerg Off: Dolans (3842 4116)

We follow the border fence for over 30km along the McPherson Range with numerous steep hills on the route through sections of attractive eucalypt forest. Beginning with a sighting of the train going on the border loop interstate railway if we are lucky on Saturday morning, pass Long Creek Falls and onto views of Lamington and Mts Barney, Lindsay and Maroon before reaching our Saturday night camp spot near an old rabbit proof border hut.

Sunday it is up and over Mt Tanna (795m), Mt Glennie and for the ultra-fit, Gleenies Chair, before bypassing the southern edge of Mt Lindsay where we will met up with the day walkers.

Reliable water along the way is only on Saturday morning from Long Creek, so be prepared to carry enough for 2 days. Don't forget something warm for the cool nights of May. If you are fit and like carrying your "house and home" for 2 rewarding days join Cliff and myself and enjoy the best walking season.

Time: 7.00am
Meet at: Old Windmill; Wickham Tee

Emerg Off: *DOLANS*

On this walk, we undertake camp site monitoring at the Gorge camp site on Barney Creek. Any excuse for a walk in this beautiful area. We will walk in from the Lower Portals carpark, which is 4.5 kms to the Club Hut. From here it is an hour's walk over the ridge to the gorge. The purpose is to establish and maintain regular monitoring of this site to assist QPWS in its management of the national park. Depending on time we may rock hop back to the hut or return via the ridge.

Also on the day we will undertake a general cleanup of the club hut giving it a good clean and remove any rubbish. Some members may want to carry large packs. John Brunott, as hut curator will supervise the maintenance. If there is interest at the meeting, John is prepared to go in on the Saturday afternoon and stay overnight. All in all a great way to spend some time away from Brisbane.

We will only be going to the base of the cliffs and will not be going right to the top as this can be a bit tricky and should only be attempted by experienced walkers with ropes.

Join me for a great day with wonderful views.

BCBC Coordinator: Greg Endicott
 (3351 4092)

This is one of the most popular socials we have. The Qld Colonial Dancers put on this Ball each year and call on Clubs to come along for a night's fun.

You might feel you are not one for dancing, but you do not know yourself. With a practise or 3, you will be amazed how those feet do move in time. At the 5 practises they run through all the dances, doing each of the steps patiently, while making sure you have got it. In fact, the practices themselves are 5 good socials. You will have confidence by the end.

Colonial Dancing is a gentle form of Bush Dancing. It is the refined group dances of the 19th century. You get a sense of achievement on the night when all those practices were worth it and you succeeded. You are not allowed to dance all 14 dances with the one partner, as it would appear too familiar. So you can come unattached but try to bring along a partner so the "numbers" will be even. You will virtually dance with 14 different partners.

We generally get 20 people from the Club going, so put your name down.

Don't just think about it, do it.

PAST OUTINGS

Lizard Point Throughwalk. Justin Tobin.

The weather was good. The views fantastic. The company superb.

Three days high on the range. From the fence now taken away (Thanks BBW) to Superbus (through the rainforest) to Mt Roberts and onto Lizard Pt for lunch and to check out that view. Mountains everywhere.

Following the escapement to Mt Steamer and down to the Stern campsite.

Sunday out to the Stern Lookout for a look of the Steamer Range, Funnel, Mast and Prow. Oh to linger longer but the journey continued back up Mt Steamer and down the ridge to the water spot. A pretty little creek. (Joe liked it.) and up to Lower Panorama for a late lunch and in the afternoon down, down, down the Lower Panorama Ridge to Wild Cattle Creek and a 6 o'clock finish at the cars.

Thanks to Joe, Trevor and Matthew for travelling with me and to Gabe and Greg for spending Friday night doing the car shuffle for us.

Mt Greville John Carter

Eleven walkers left Brisbane in overcast conditions on Easter Monday and travelled to Aratula, where we bumped into Richard and Patricia who were enroute to Gibraltar Range. At the park's carpark we had good views of the southern Main Range including Lizard Point. We followed the trail into the southern gorge and enjoyed the atmosphere of this narrow cleft. The tall picabeen palms added to the experience. Soon we scrambled onto the main ridge, which leads to the summit. Views were limited due to the low cloud, though Moggerah Dam was spied to the north.

Since it was still early, we retraced our steps and contoured over to the northern side to the Needles (a rocky pinnacle) for lunch. The weather was kind as we enjoyed a cuppa in sunshine. We pondered over other climbing routes up this beaut peak. Our descent was down the northern gorge and it took a short time to find its start, as there is no other suitable entry point. This gorge has impressive cliffs which towered over us. Light rain fell during the descent which required extra care. We traversed one dry waterfall but our path was blocked by a three metre drop close to the bottom. We contoured around to the carpark, which was quite close.

Thanks to Justin, Gabe, Greg, Stephen, Stephen Darday, Louise and visitors Kelly, Peter, Dale and Christine for coming along with me and making it an enjoyable day.

Mt Maroon Trevor Kelly

After meeting John Carter, Christine and Dale we set off right on time at 9 o'clock picking Matthew up on the way.

We arrived down at Mt Maroon at about 8:50am and after waiting for Cliff and Christine for about 15 minutes, we left a notice on the windscreen saying we had left. We had favourable weather and so we made good progress with a relatively small group. (I promise not to grade Mt Maroon L77 again)

We got to the top at about 11:30am and met Christine and Cliff just below the peak. We stayed on top and enjoyed the views and had brunch, then headed down to the campsites to complete the campsite monitoring.

Out came the measuring tape and Matthew being a draughtsman drew plans of the two campsites and then filled in the necessary details.

Before making our way down, we decided to climb up the cliff side of the mountain. We then made our way back down the mountain and back to the cars.

Thanks to Cliff, Christine, John, Matthew, Dale and Christine for an enjoyable day.

Prayer for Australia...

God, powerful and gentle,
You love this southern land and all its peoples,
old and new.

As the Cross shines in our heavens, so may
Christ bring light to our nation.

As the waves encircle our shores, so may Your
mercy enfold us all.

May the God who formed our southern land be
for us a rock of strength.

May the God who rules our seas keep us safe in
every storm.

May the God who made our southern skies, turn
our darkness into light. Amen.

Something to chuckle over ...

Sherlock Holmes

Sherlock Holmes and Dr Watson went on a camping trip. After a good meal and a bottle of wine, they lay down for the night and went to sleep. Some hours later Holmes awoke and nudged his faithful friend.

"Watson, look up at the sky and tell me what you see."

Watson replied, "I see millions of stars."

"What does that tell you?"

Watson pondered for a minute. "Astronomically,

it tells me that there are millions of galaxies and potentially billions of planets. Astrologically, I observe that Saturn is in Leo. Horologically, I deduce that the time is approximately a quarter past three. Theologically, I can see that God is all powerful and that we are small and insignificant. Meteorologically, I suspect that we will have a beautiful day tomorrow. What does it tell you, Sherlock?"

Holmes was silent for a minute, then spoke. "Watson, you idiot! Someone has stolen our tent."

Thanks to Toowoomba Bushies for this classic.
