It's a fair while since anything appeared in the circular about the Emergency Officer System, so here are a few points to note for newer members who may be leading trips and be unfamiliar with the system.

1) Just before the trip leaves Brisbane the leader phones the Emergency Officer with details of names, addresses and phone numbers of the people on the trip as well as details of the proposed plan of the trip itself.

2) Immediately a trip returns the leader phones the E.O. to let him know they have returned safely.

3) If a trip is delayed the leader phones the E.O. as soon as he can reach a telephone, so he should have a supply of 20 cent pieces for S.T.D. calls.

The advantage of this system is that if a party is delayed someone is aware of it and if they fail to hear from the leaders within a reasonable period of time, a relief party can be organised.

The editor wishes to thank everyone who has offered his or her services in helping with the circular, and those who have already been assisting in various ways; typing, stamping and addressing, writing articles etc. etc. etc.

Thanks especially to Marcie Richardson, Bernadette Hayes, Ann Bullimore, Mark Tottenham, Jan Raymer, Terry Ward, Greg Endicott, Val Pedrolini, Jim Conway and Kath Palmer and I hope I haven't left anyone out. Thanks!

Copy date for August Jilalan is July 25th.

This means that it would be very nice if the leaders of the following trips would have their interesting reports in the hands of the editor by that date:

O'Reilly's-Xmas Ck, Edinburgh Castle/Glassy Mtn., Flinder Pk, (for "past trips")

And for "coming trips" - the following.

Barney Mass, Mt. Beerwah and S. & t. weekend.

We will also want the low-down on the Straddy Picnic and the Ball. So, don't forget, if YOU are leading any of these trips, please have your report in by July 25th.

We will be printing the circular on the following weekend the 31st and 1st, but in the intervening week, reports have to be sent to typists and so on.

OUTINGS

Outings in Retrospect

MT. BARNEY - 11th/14th June
- TW- Chris Neiland
- BC- Val Pedrolini

Throughwalk:

Although the Mt. Barney TW was abandoned through lack of nominations, "it will be climbed again!" says Adrian; maybe when Chris returns from Central Australia.

Basecamp:

Eight basecampers with the throughwalkers met at the Lindesay diner then went in convoy to Drynan's hut arriving there just after ten. Some of the group walked into the club hut via the creek and the others went via the ridge, taking just a little longer, but not getting wet.

Saturday morning after collecting wood for the fire, we started walking at 9.00a.m. up along the creek passed the Lower Portals, and up onto the hill top for views of the creek below. Also Tom's Tum and the rest of Mt. Barney's north side were viewed, then looking in the other direction we could see Mt. Maroon. We then dropped down to the creek and rock hopped along the creek to these falls which had no water then. We went further up until it reached midday and had lunch on a nice sunny rock site. Then back the same way to the club hut.

Sunday we started walking at 8.45p.m. up along the ridge directly to the side of the hut. We reached the second peak for a break and good views of Tom's Tum, Isolated, North and Leaning Peaks, also the club hut and Mt. Maroon and the coast in the distance in the other direction. We climbed down in to the gorge
cont..5

and followed it down to the creek. Then on the other side we had lunch and boiled the billy. Then we rock hopped along the creek as the previous day back to the club hut. We arrived back early to pack and clean up the hut to have dinner at the campsite before Drynan's hut. Then we drove off to Rathdowney for 7.00pm mass. After mass we drove along the Mt. Lindesay Highway to some picnic grounds where we camped for the night.

Monday we drove further on the highway to Hardgraves' property. We started walking along the rough road track then over the paddocks gradually going up behind the cliffs of Campbell's Folly. Then a quick steep climb to the top on the lower side then walking along the top to the highest point where good views of Barney's East and West peaks, Mt. Lindesay Mt. Glennie and Mt. Maroon could be seen. Also the prison farm could be seen below us. We had lunch down from the top in a better clearing where we could boil the billy. Then back dropping down sooner, on to the track, leaving for Brisbane early.

MT. GOOLMAN/IVORY'S ROCKS- Sunday 27th June

-DW Leader- Adrain Paolucci

-Attendance- 11

Eleven people left Turbot Street on a foggy but fine morning. Even when the walk was started, the fog was so thick, no sign of the mountains we were to climb could be seen. Morning tea was on top of the smaller of the two Ivory Rocks at 10.30. From here, we looked down onto the fog which stretched for miles below us, right up to the main ranges and back towards Brisbane. Lunch was on the top of the larger Ivory Rock at 12 noon. We also had a look at a cave on the way up. From the top, because of the fine day, the rest of the Flinders mountains, Cuninghams Gap, Mt. Lindesay, Mt. Barney, Ipswich and Amberley Air Base were easily visible. From here we went to Mt. Goolman following a ridge across, for an easy walk. On top of Mt. Goolman was a tin containing names of groups of people who had climbed this mountain so we put ours in as well, before heading down into the valley and finally back to the cars by 3.30.

After lunch at Tooloom Falls, we will climb the North Obelisk, a small mountain near the Beehive. Sunday we will climb Edinburgh Castle. Good views of Barney and Lindesay can be obtained from here. CORDEAUX/CASTLE

30th July - 1st August THROUGHWALK ONLY

Leader: David Mort

Emergency Officer: Marnie Conway

On Friday night we will climb Mt. Cordeaux and camp in the saddle. After heading over to Morgan's Lookout, the walk will continue north along the Ramparts, these being sheer unscalable cliffs extending for four miles, then along to Laidley Falls and Hole-in-the-Wall descending via Boars Head. COMMITTEE

The request for nominations which appeared in the last circular was incorrect. Val Pedrolini had been appointed to that position. Instead it should have been for a committee member, to fill the vacancy caused by Peter Sorrenson becoming S. & T. Officer, as called for at the May General Meeting. This vacancy has now been filled by David Mort.

However we still need people for sub-committees. At present we are looking for persons to assist with the organization of the Federation Pilgrimage, next year, for which we are the Host Club. As well next year is the 10th anniversary of the Club Hut opening and we hope to mark this occasion by celebrations at the hut. Anybody who is willing to help on these subcommittees please let Jim Conway know by the next meeting.

PUBLICITY

This year we intend to go all out with a publicity campaign to let people know that we exist and to get them into our club. Anybody who may have any suggestions as to how this may be achieved please contact Tess Neiland or any of the committee members.

SLIDE COMPETITION

Yes it's fast approaching that time of the year again, so start sitting through all those boxes. But to make things fairer on all only look for slides of club trips for the past 12 months.

CONSTITUTIONAL AMMENDMENT PROPOSED AT JUNE MEETING:

The ammendment which was proposed by Greg has been withdrawn as it is in fact an ammendment of a by-law not the constitution and is therefore decided on by committee.

And speaking of the Constitution, a booklet containing the constitution and by-laws of the club. Rules for the use of the Club Library, Bushwalking Etiquette, and Club Policy will be available at the July meeting.

Financial Membership is 30
so now about the rest paying up.
If you haven't, and you got a circular this month,
it will be the last!!!

SOCIALS

Our last social was the Annual Club Mass and Dinner on 19th June and was attended by 20 members. Mass was at Villanova Chapel and dinner at Wilsons 1870. An enjoyable time was had by all dining and dancing.

PICNIC, STRADBROKE ISLAND Sunday 11th July

The next social is a beach picnic at Stradbroke Island on Sunday 11th July. We will meet at Turbot St. at 9.00am and then proceed to Redland Bay to the vehicular ferry. We will be driving to Point Lookout once we are on the island. There is a shop on the island and each person must supply their own lunch. Cost will be approx. \$2.50 depending on the number in each car as the ferry price is per car not per person. Please nominate as soon as possible.

AUGUST SOCIAL

Friday 13th August tentatively

Don't forget our social for August will be a ball. We are considering both the Railway Ball and Rural Youth Ball. The Railway Ball will be held at Cloudland on Friday 13th August, starting at 8.00pm and going till 2.00am. Cost is \$18.00 a double and a light supper is provided. There will be one band - Sounds of Seven. The Rural Youth Ball will be held at the City Hall on Friday 13th August from 8.00am till 2.00am. Cost is \$5.00 a single and a light supper is provided. There will be one band - the Countdowns from Beaudesert. We will also be considering other balls also held in Show Week and details of these will be available later. If you know of any other balls in August which you would recommend please let me know.

MORE BEAUT SCANDAL

Cec: I'd better wake up or I'll go to sleep.

Any suggestions for a name for a land rover would be welcomed by Ted.

Mike Keane seen at Wilson 1870 in a strange costume - a red lap lap in fact.

Remember Tim used to run on spaghetti - latest news is that Ted runs on iced vo-vos.

Handsome R.I.P.

All drivers in Brisbane beware - Marcie has her learners permit.

In the absence of the President of the Vices, and Morals Officer, this issue of the Jilalan has not been censored.

Book full of club by-laws and rules coming out this month - we think Jim must be on the war path.
